FOR IMMEDIATE RELEASE
(See attachments)

Beginning Monday, January 30th, 2023, The Houston County Commission will alter the parking plan for the county's Administration Building located at 462 N. Oates Street in Dothan, AL.

Ongoing construction is forcing the county to close part of the parking lot adjacent to the building. There will continue to be parking in the front of the building, but the parking areas on the west and north side will be closed. Additional parking is being made available for citizens just north of the Admin. Building on West Newton St.

This change is expected to be in place for approximately 9 months. The Commission thanks the public in advance for their patience during this time.

Brandon Shoupe, Chairman
Houston County Commission
