

DISCOUNTED VISION CARE PROGRAM

Local Government has contracted independently with eye care providers across the state to form the Routine Care Network. This is not a Blue Cross provider network. Check with your provider or visit our page at www.lghip.org prior to receiving services to determine whether the provider is a participating provider. **Remember, this is not a Blue Cross provider network.**

Under the Routine Vision Care Network, participating providers will offer the following discounted services:

Routine vision examination (one per year)	\$40 Member payment
Routine vision examination-with dilation (one per year)	\$45 Member payment
Initial contact lens fitting	\$25 Member payment
Follow-up contact lens visit	\$25 Member payment

*Initial contact lens fitting fee of \$25 is addition to the routine vision examination fee.

Eyewear is discounted for members of the State's Routine Vision Care Network. The discount is 25% off retail prices for single, bifocal or tri-focal vision.

Frames are available for members at 25% off retail price.

Discount will be offered on contact lenses.

Routine vision care examinations, initial contact lens fitting and follow-up contact lens visits are subject to the member payments stated above and will be accepted by the participating providers as full and complete. Be sure you identify yourself as a local government employee before receiving services.

Laser vision corrective surgery is available at a discounted rate through Participating Vision Care Providers. You may obtain a list of Participating Providers at www.lghip.org or contact Local Government at 1-866-836-9137.
