Commissioner Cook seconded the motion. Acting Chairman Harvey called for the question; and the motion carried unanimously.

Reports from Staff:

- a. Chief Administrative Officer – there was none.

b. County Engineer

Mr. Pool reported there is no trash pick-up program. He stated they are averaging .67 inmates a pay and they cannot run a program like that.

He reported there are some new federal guidelines out that will require every sign in Houston County to be replaced with much brighter type material. He pointed out the county has until 2015 to complete the project. Mr. Pool stated they would be breaking the county into sections and would be doing one section at a time. He reported the cost would be approximately \$150,000 in materials. Mr. Pool reported there would be a lot of labor involved because they would pull the signs down, bring them to the shop, put the new faces on them and then put them back out. He reported the county will not have to buy new signs; just new sign faces.

Mr. Pool reported the construction and the light at the intersection of Murphy Mill Road and Brannon Stand Road should be underway by the next commission meeting.

He stated the guardrail project that had been discussed previously should have begun.

Mr. Pool reported the new paint striper should be here and working by the next commission meeting.

He stated the bridge at Brannon Stand and Fortner is on schedule. Mr. Pool reported they were working well and most of the time they work 7 days a week. He stated they do anticipate working more than that when the project gets a little further along.

Mr. Pool reported they were speeding the bond resurfacing up due to the increase in fuel costs. He pointed out there is a fuel index in the contract and each month it changes and it is going up. Mr. Pool reported instead of doing the project during the winter, the next 25 miles of resurfacing should begin by the next commission meeting.

c. County Attorney – there was none.

Commissioner Snellgrove asked on the sign project if it was mandated by the federal or state government and if there would be any grant money to cover any of the expense? Mr. Pool stated it was mandated and there would be no grant money because everyone in the country has to do it.

Commissioner Cook asked if Mr. Pool stated the county had until 2015 to complete it? Mr. Pool stated yes.

Adjourn.

Commissioner Snellgrove made a motion to adjourn. Commissioner Cook seconded; and the motion carried unanimously.
