ANNOUNCEMENTS AND COMMENTS FROM THE CHAIRMAN AND COMMISSIONERS

Commissioner Ivey began by asking Jamie Shell, from the EMA Department, to discuss information concerning the extreme heat in our area.

Ms. Shell began by stating that the area is under a heat advisory and the temperatures will be in the upper 90's to low 100's but it will feel like 108 – 112 degrees. She added that it is important that everyone stay hydrated and use sunscreen. Ms. Shell urged everyone that if you see anyone that you may could help during this heat to do so. She announced that there are three cooling stations and they include the Cottonwood Community Church, Kinsey Senior Center and The Harbor which is located downtown Dothan. Ms. Shell added that each center would be open Monday – Wednesday with times ranging from 8 a.m. – 5 p.m. She urged those in need to take a break from the heat for water and shade. Ms. Shell announced that this information can be located on their social media platforms to include Facebook and Instagram and they also have added some useful tips to stay cool and avoid heatstroke on those platforms as well.

At this time, Chairman Shoupe recognized and introduced Mr. Cas Boone, who is in attendance and performing a job shadow today with the Chairman. Cas is the son of JD Boone, local

business owner of Dothan Nurseries, and he will be attending the University of Alabama in a couple of weeks to pursue a degree in general business studies.

5. Request to approve the 2025 Rebuild Alabama Contractor Report – Road & Bridge

Commissioner Herring made a motion to approve the 2025 Rebuild Alabama Contractor Report and Commissioner Ivey seconded.

Chairman Shoupe stated that the law requires the county to present this report to the public each year as this is the Gas Tax that was passed in 2019 and it assures the public that the money is being spent as it should. This tax is called the Rebuild Alabama and the county is to spend all this money on roads.

Mr. Reeder began by saying that Houston County spends all their gas tax money on asphalt, even though it is eligible for pipe laying and other road improvements, they choose to use it for asphalt contracts to make the money go as far as they can. He reported that they completed three roads to include County Road 75 S, Garrett Road and County Line Road. He continued to report that this was a little over 12 miles and they used almost 1.3 million dollars in rebuild money, but two of the roads used about \$400,000 in ARPA funds bringing the total to \$1.7 million dollars that went to paving the three roads.

Chairman Shoupe reiterated that \$1.7 million dollars for 12.1 miles of roads and there are 800 miles of roads in Houston County. Mr. Reeder added that this year the budget funds and MPO funds helped to pave an additional 10.3 miles and due to one of the projects being state project, those cost a little more and that was also \$1.7 million dollars.

When called for the vote, the motion carried unanimously.
